

A foliar turf fertilizer that promotes rapid, deep green colour

## GENERAL INFORMATION

- **Quick•Green Foliar fertilizer is a fast acting fertilizer containing nitrogen and iron for a quick and dark green response**
- **Quick•Green is safe, does not contain chlorides and is compatible with a wide range of pesticides and all Nutricore foliar turf products**
- **Quick•Green is a fast, and economical way to green up your turf , and is recommended for tank-mixing with Primo Maxx**

## DIRECTIONS FOR USE:

- Quick•Green is recommended in conjunction with a **Precision Nutrient Program®** that includes assessment of need from analytical data
- Foliar products are best applied in the early morning or evening for better absorption into the leaf tissue.
- Quick•Green is compatible with all Nutricore foliar fertilizers and most commonly used pesticides. A jar test is recommended when mixing with other chemicals.
- Apply product with a minimum of 1-2 gallons of water per 1000 sqft (5-10 liters per 100 sq. m).
- Allow product to dry on leaf completely before irrigating.
- Product requires gentle agitation before use.
- Store product in a cool dry place out of direct sunlight.

## GUARANTEED ANALYSIS

Nitrogen (N) .....	15.0%
15% Urea nitrogen
